The time period for reply, if any, is set in the attached communication.

### **DETAILED ACTION**

1. This office action is responsive to communication filed on May 17, 2010.

#### ***Response to Amendment***

2. The amendment filed May 17, 2010 will not be entered because it raises new issues which would require further search and/or consideration. For instance, claim 1 has been amended to recite "storage configured to store the image in corrected form" and "a damping device configured to damp movement of the image system". This amendment changes the scope of claim 1, and would thus require further search and/or consideration. Claims 2 and 7 have been amended in a similar manner.
